N’dakinna (Our Homeland) -

The following is a detailed description of N’dakinna, our homeland. It includes all lands, waters, the air, and other natural resources that our ancestors of the above named groups lived, fished, hunted, trapped, planted, farmed, and harvested from Mother Earth’s natural bounty. In colonial times N’dakinna covered all of New France and the colonial Commonwealth of Massachusetts. This area is now known as the province of Quebec in Canada, and the states of Maine, New Hampshire, Vermont, New York, and Massachusetts in the United States.

It should be noted that the greater Abenaki Nation did not relinquish any portion of our homeland as a result of any land lease, deed, grant, taking, treaty, or agreement executed by any Abenaki individuals or families, and does not recognize any agreements that have been used to occupy our homeland. There are no known legitimate or lawful agreements that were executed by or “on-the-behalf-of” the greater Abenaki Nation, Abenaki Bands, Abenaki families, or Abenaki People from the time of creation to present day. Any land related agreements that were executed in Canada or the United States, after their national sovereign status was declared, were done so without the full authority or recognition of the greater Abenaki Nation and Abenaki People that were resident on both sides of the Canadian-United States political border. At the time that any such lease, deed, grant, taking, or agreement may have been created, they were done so in violation of existing laws and regulations of authority and the representative parties were not authorized to enter into such agreements on the behalf of the greater Abenaki Nation, Abenaki Bands, Abenaki families, Abenaki People, or the occupying governments of the time.
